The end of the world ... Is that certain?

Is there hope?

In exactly one week, on December 21st everything will finish, according to some Mayan calendar. It will mark the end of the world. There will be terrible earthquakes that will change the poles, giant fires ravaging all the continents, volcano eruptions and floods destroying the earth, the destruction of humanity will follow - almost all religions present such visions. Is there

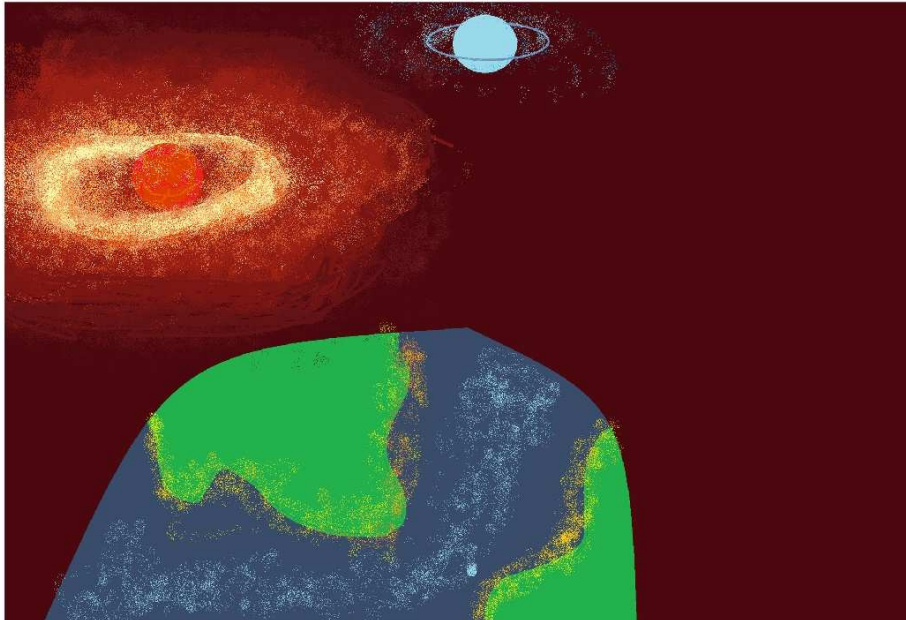

What is going to happen ???

Many of the predictions are remarkably similar. How then will the universe end? Alien civilization?

Replacement of poles?
Asteroid? Nuclear war?
Maybe the increase

of the activity of the Sun or black holes? Several factors that would lead to our end may occur. But where does the truth lie?

Alicia Pohl

The world will end on Dec. 21st - a lot of people believe so and nothing seems to deny the

prognosis. This is not, however, either the first or the last date of the end of the Earth.

New Year's Eve

New Year's Eve, the night of 31 December (New Year's Eve fete) when the end of the old year and the beginning of the new one is celebrated, is a period of fun, balls, toasts, resolutions, fireworks and firecrackers.

Where to spend New Year's Eve?

You can welcome the new year on the lakes, in the mountains, at the seaside, in warm countries or at traditional balls and private parties. The research shows that tourist offers have been gaining in unflagging popularity for many years. More and more people are choosing to spend New Year's Eve under the Eiffel

Tower, on Italian Sicily, warm Mauritius and in Paris Disneyland. "New Year in the Czech Republic" and "New Year's Eve in Edinburgh" are also very popular offers. There you can admire the magnificent fireworks that simply take your breath away. In the meantime, you can instantly relax and warm up in one of the local pubs,

What can you do?

On New Year's Eve, you can go to a club, a disco with friends or have a party at home.

Some people do not celebrate New Year's Eve so pompously and prefer lying on the couch in the house and watching TV.

On the other hand some people prefer sitting at home and spending this very special time with their family.

New Year's

Annual New Year's Eve custom is celebrated by means of colourful and fabulous fireworks. At midnight, when the clock strikes 12 you can hear firecrackers, drink champagne in honor of New Year. For children we recommend *Piccolo* (a fizzy soft drink).

HAPPY NEW YEAR!!!
