Hawaii is one of the most beautiful places in the world. Read about fantastic things that you can do there: You can travel in a submarine, the journey takes 45 minutes, you can see lots of different animals.

You can go to National Volcano Park, there are two big volcanoes; Mauna Loa and Kilauea.

In Hawaii there are

a lot of beautiful flowers, there are also beautiful beaches. You can also visit Pai Lookout, it is a place to commemorate the great battle, which took

place in eighteenth century. It is really worth visiting Hawaii !

Panda

Panda lives in bamboo forest. It has black and white fur and eats bamboo leaves. Panda is on the verge of extinction.

It is a rather lazy animal

which spends all its days eating bamboo shoots, sleeping, and they do not play.
